Dear Sir or Madam,

I will be coming to study in the Université des Cézeaux and I would like to book a room for two persons from 8 to 12 July.

Could you please let me know your rates and tell me about the facilities within the room, internet access, breakfast service as well as the dining possibilities within the hall of residence?

As I will fly to Clermont-Ferrand, I would also like to know if getting to my work place will be easy without a car.

Thank you in advance.
